

Bargain Shopping (Adv.)

About this lesson

In this lesson you will learn:

- How to give recommendations to a friend about places to go bargain shopping
- How to discuss the pros and cons of shopping at bargain stores
- You will also learn about American fashion.

Where did you get it?

Do you think this top is **me**?
你覺得這件上衣適合**我**麼?

That's **so you**, where did you get it?
太適合你了，你在哪兒買的?

I was gonna wear this outfit tonight, but I don't know if it's **very me**.
我今晚想穿這套衣服，不過我不知道是不是**很適合我**。

I got it at a **second-hand store** a while ago but I don't know what to wear it with.
我不久前在一間**二手店**買的，可我不知道配什麼穿好。

Some bargains

Second-hand stores are overwhelming to me because you have to search through so much stuff to find **a gem**.

在**二手店**買東西太辛苦了，你得在太多的東西里淘寶。

There's **an outlet** near there too that has great deals but the **racks** are more organized.
那附近還有一家**廠家直銷店**，那裡也有很多物美價廉的東西，而且**東西擺得**更有序。

We should go shopping there together and you can help me find some **bargains**.
我們應該一塊兒去那裡逛逛，你幫我找些**物美價廉的東西**。

It's designer

That top looks expensive, did you pay very much for it?
這件上衣看著不便宜，你買的貴不貴？

It's **designer** but I only paid \$30, such a **steal**.
這可是**名牌**，不過我才花了三十美元，真是**撈到了**。

Personally, **I don't care much** about **brands**.
我這個人**並不太注重**品牌。

I don't either, but **designer clothes** always seem to look and **fit** better.
我也不，不過**名牌衣服**好像總是看著更順眼，穿上也更**合適**。
